Street Closure for Work on Sewer Main

Harrisonburg, VA – This week crews with the Public Utilities Department will be working to repair a sanitary sewer main on North Liberty Street.

Repairs are scheduled to occur April 17 through April 19 from 7:30 a.m. until 3:30 p.m.

The improvements being made on the sewer main will also cause North Liberty Street to be temporarily closed.

Both north and southbound lanes of North Liberty Street will be closed from West Washington Street to Edom Road. The street will be closed while work is being done, from 7:30 a.m. until 3:30 p.m., and will reopen during off hours.

An alternate route for traffic traveling from North Main Street will be Kratzer Road and Charles Street. If traveling from Virginia Avenue, an alternate route will be Third Street and Edom Road.

This schedule could change due to inclement weather. If the work is to be rescheduled, notification of the change will be distributed to those who are impacted.

The City of Harrisonburg is centrally located in the Shenandoah Valley of Virginia. It is home to approximately 50,000 people. More information about the City of Harrisonburg is online at www.HarrisonburgVA.gov.
